This is a logic puzzle where the move each Pokemon uses must be determined. Note that the puzzle requires ruling out some possibilities based on which moves each Pokemon is capable of learning in the video game series. Solving the logic puzzle, we obtain:

Q -- Nidoqueen used Helping Hand (5)!
U -- Squirtle used Fake Out (3)!
I -- Aegislash used Protect (4)!
C -- Scizor used Feint (2)!
K -- Kabutops used Aqua Jet (1)!
A -- Pikachu used Protect (4)!
T -- Dratini used Protect (4)!
T -- Stunky used Feint (2)!
A -- Zigzagoon used Helping Hand (5)!
C -- Carracosta used Aqua Jet (1)!
K -- Makuhita used Fake Out (3)!

Each of the moves in the puzzle are a priority move in Pokemon with a different priority level. Indexing into the Pokemon name by the priority level of the move used gives the answer QUICK ATTACK.
